Dear Sir,

**Smoke Inhalation**

Thank you for your letter dated 21/10/2009.

I believe the federal member for Bass, Jodie Campbell MP was misguided to contact you on this matter.

I am writing to ask why you are responding to me on air quality matters?

Perhaps you can please explain why you have assumed responsibility for air quality in Tasmania and taken the liberty to respond to me when this matter does not come under any of your portfolios?

Thank you.

Yours faithfully,

Clive M. Stott
