Mr Clive Stott

Dear Mr Stott

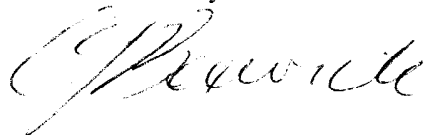

Thank you for your recent enquiry and subsequent letter regarding our position on smoke management in Tasmania. As you are aware our Committee of Management met last week at a special meeting to discuss the position of the Foundation in relation to this issue.

We have treated this matter very seriously and acknowledge that the respiratory health of Tasmanians is our concern.

As a result of these concerns the Committee of Management have undertaken further investigations with a view to ensuring we can continue to have an informed position on this matter.

I hope to be able to advise you of the outcomes of these investigations in the coming months.

Yours sincerely

Cathy Beswick
CEO
Asthma Foundation of Tasmania
