Dear Ms Edwards,

Request to Expedite Review O1405-192

Thank you for your letter dated 28th May 2014.

Given the length of time since I submitted my RTI application with DPIPWE (13/4/2014) I was hopeful the information requested would be released to include in my submission to the Hazelwood Coal Mine Fire Board of Inquiry, in Victoria.

Unfortunately it was not released, and as a result the Inquiry kindly granted me extra time for the additional information.

I feel I was forced unnecessarily (as detailed in my review) to complete a fairly substantial review application in very quick time to send to the Ombudsman when DPIPWE finally released its Decision.

As a result of all this, and the fact that the Inquiry is already in progress and I have been granted extra time once already to submit information that has been discovered is being held by our EPA in Tasmania; I am writing to ask if priority could please be given to expedite my review?

Thank you.

Yours sincerely,

Clive M. Stott
