Dear Sir,

**Forestry Industries Planned Burn Smoke**

I refer to the Michael Stedman's article in the Mercury (24/4/08)

You were quoted in the article and I am writing to congratulate you on what you said and how you stood up for your members. You will find that article on the asthma page of my website at [www.cleanairtas.com](http://www.cleanairtas.com)

Many Tasmanian's are affected badly by forestry's deliberate rubbish burning and I invite you to have a look at what has happened to me personally as a result of it, and to view the other pages on the site.

Thank you for telling it how it is.

Yours faithfully,

Clive M. Stott
