Mr Geoff Lyons
Dear Geoff,

Further to our conversations today on environmental smoke.

When you read the information that was clarified by the Premier's office not so long ago, it is not David Llewellyn but in fact Michelle O'Byrne who is in charge of Air Quality in the state.

Hope this helps.

Kind regards,
Clive Stott

Dear Mr Stott,

I am sorry to confuse I was using general terminology, but yes you are correct, Minister O'Byrne does cover the portfolio heading of Air Quality. I encourage you to contact Minister Michelle O'Byrne's office in regards to your meeting request. I have contacted Minister Michelle O'Byrne's office and raised your concerns, I have again informed them of your current correspondence with me.

Kind Regards,

Sharni Driessen
