Dear Minister,

On-going Forestry Smoke Issues

This is to confirm my telephone call to your Launceston office and to your Department of Environment yesterday to enquire if you are able to provide me with a date and time yet to meet with you on this issue. I was advised on 5th June you are considering it but have heard nothing.

To bring you up to date, I have had to attend Accident and Emergency on four occasions now, the latest being last Saturday. Related medical costs to our Health budget are being consumed almost on a daily basis.

Thank you for your attention to this matter.

Yours faithfully,

Clive M. Stott
