Dear Mr Stott

I write in response to your correspondence of early this month. Unfortunately Council's understanding regarding our capacity to deal with your complaint, under the current legislation, has not changed. In addition I have again sought advice from Council's solicitor and he has confirmed his previous advice.

However I can advise that we have recently had a phone conference with staff from the Environmental Protection Authority in relation to this matter. While we have not yet been able to determine an appropriate way forward, we are continuing our discussion with them, and hope to have an agreed methodology in due course.

Yours faithfully

Rolph Vos
