CEO Cathy Beswick
The Asthma Foundation, Tasmania.

Dear Cathy,

Smoke Inhalation - Planned Burning

Could you please provide me with an update as to The Asthma Foundations position/involvement with the above practice.

Thank you.

Regards,
Clive Stott

Dear Clive

Thank you for your enquiry.

We will be back in contact with you in the New Year prior to us releasing our position **public ally.**

Regards

Hi Cathy,

Thank you for your reply.

From your reply I gather the Asthma Foundation of Tasmania does not have a stance at present on this smoke inhalation problem which affects so many asthmatics that you are meant to represent.

I note you mention **the New Year**, that could be **any time in 2009?**

Are you not prepared to be more forthcoming?

Thank you.

Regards,
Clive

Yes – end January
